

Alpha Blu Eye Cream

Our eye cream is infused with cornflower extract, which is designed to provide a soothing effect on the skin surrounding the eyes. This deeply hydrating cream is designed specifically to cater to the special needs of the delicate eye area. It contains anti-inflammatory agents along with grape vine extract containing antioxidant properties that promote skin renewal. It helps keep skin firm, soft, and moisture.

Alpha Blu Eye Cream contains cytokines and proteins to support the improvement and firmness of skin while promoting elasticity and offering a natural boost to create a youthful glow. With regular use, the skin will look and feel renewed.

Product Differentiation

The Alpha Blu skincare line contains ingredients derived directly from ethically harvested adult human stem cells.

Key Ingredients

- Argan Oil
- Cocos Nucifera (Coconut) Fruit Juice
- Helianthus Annuus Seed Oil

Application / How to Use

Apply to skin twice daily in an upward motion after cleansing and toning, and in advance of the application of eye, day, or night cream.
